REQUEST FOR BID (RFB) ADDENDUM

Addendum No.: 1

Date of Addendum: 1/31/24

Agency: MN State Lottery

Due Date, Time: ~~2/6/24 no later than 2pm CT~~

Revised Date, Time: 2/9/23 no later than 2pm CT

Sample Deadline: 2/9/24 no later than 2pm CT

Revised Date, Time: 2/13/23 no later than 2pm CT

Buyer: Kolby Sabrina

Title: RFP: 3-Game Jackpot Signs

SCOPE OF ADDENDUM – change of due date/time, Q&A Response.

Due Date, Time: ~~2/6/24 no later than 2pm CT~~

Revised Date, Time: 2/9/23 no later than 2pm CT

Sample Deadline: 2/9/24 no later than 2pm CT

Revised Date, Time: 2/13/23 no later than 2pm CT

Q1: Because the timing of a sample delivery is quick, does the sample need to be IDENTICAL to the specs called out in the RFP or can it be representative and used for evaluation of features and construction?

A1: Does not need to be identical, representation is acceptable.

Q2: What is the model of the dispenser this jackpot sign is being mounted to?

A2: GT20 vending machines.

Q3: Does the "Workforce and Equal Pay Declaration Page " need to be filled if this RFP is likely under \$100,000 and \$500,000?

A3: There is a potential for the contract to exceed \$100,000, this form is required in response submissions.

Q4: Are any evaluation preferences given to prompt payment?

A4: Only prompt payment discounts that are for 30 days (i.e., 2%-30) or longer may be considered in the evaluation process.

- Q5: Is the communication device requirement of 900MHz still in force? Other jurisdictions have approved different frequency ranges.
- A5: Walmart has indicated that the preferred/required communication frequency is 900Mhz. If Jackpot signs have been placed in a Walmart location & are currently working at a frequency other than 900Mhz., MSL requires proof of Walmart acceptance of alternate frequency.
- Q6: Can the lottery expand on the requirement that states "3-side panels should operate independently"?
- A6: Each panel should work separately from the other 2-panels.
- Q7: Can the lottery expand on the request that states, "Must provide proof of compatibility with Walmart systems." How is compatibility defined here?
- A7: MSL requires proof that your product is currently located within Walmart store and communicates effectively. Photo is acceptable for placement & a communications report showing communication Mhz.
- Q8: Can we clarify the measurements in the statement to be inches instead of ft? "Must have available space at the top for messaging and graphics. No less than 10'w x 3'H"
- A8: Specs should be: 10 inches wide x 3 inches high.
- Q9: In the quoted situation, would additional allowances for freight be included if special circumstances were required to make delivery? Such as lift gate, rural or residential delivery, etc... " In those situations in which the "deliver-to" address has no receiving dock or agents, the Contractor must be able to deliver to the person specified on the purchase order. "
- A9: Price should be inclusive of all freight charges – no allowances will be made.
- a. Only 1 ship to location – this will not change through the life of the contract
 - i. Ship To Location as noted on Exhibit C: Specifications, Duties, and Scope of Work – continued.
OAKDALE – IGT OFFICE 721 6th St N Oakdale, MN 55128
 - b. ADDITIONAL DOCK INFORMATION: Location is equipped with a dock and loading door. Dock can accommodate a 48ft van or small box truck.
 - c. If there is information not provided that is needed for estimating freight – please reach out to purchasing@mnlottery.com for review.

This addendum shall become part of the RFB and **MUST** be returned with the RFB.
